

## PRESIDENT T O CONTINUE PLANS FOR U.S. DEFENSE

Washington, Sept. 1.—President Wilson, it was said, authoritatively tonight, believes he can proceed with more freedom in the development of his national defense plans now that danger of serious trouble with Germany apparently is removed. There will be no suspicion, now, he believes, that the plans are directed at any one nation.

The President's idea, it was said, is to prepare a program for several years in advance. Expenditures are to be kept as low as the President thinks consistent with the plans to be presented to him by Secretaries Garrison and Daniels.

Chairman Tillman of the Senate naval committee, discussed national defenses today with President Wilson. Later he said he favored a reasonable increase in the navy and would support the President's recommendations.

Senator Tillman said he had not discussed exactly what increases were needed and was willing to trust the President to decide. No definite program would be mapped out he said, until the President had received a report from Secretary Daniels and had discussed the subject with himself and Chairman Padgett of the House Naval Affairs committee.

It was stated authoritatively by administration officials today that there is no basis for reports that the President has decided to recommend army and navy appropriations totaling \$500,000,000. One cabinet member said he did not believe the amount to be asked for would be that large.

Senator Tillman, after a tour of all naval yards, began work today preparing the navy appropriation bill which he will submit at the next session and conferred with many naval officials.

John McKinney of route six, was here today.

Edgar Dupree of Taylor, was in Dothan this morning.

I. S. Carroll, a prosperous farmer of route one, was in town today.

H. L. Gilmore, a well known farmer of near Taylor was here today on business.

Dr. J. T. Ward of Malvern, was here today.

J. G. Mathis of Ashford route two made his regular weekly trip to Dothan today with home made bacon.

## "HAND" HEALER IN JAIL HERE

J. W. Bennett, Prosecuted by Doctors, Charged With Disposing of Mortgaged Property.

J. W. Bennett, whose operations last spring aroused the ire of Dothan doctors, in that the aforementioned Bennett claimed to perform cures through some psychic or muscular power, or in some other manner, is in trouble again. He is detained in the county jail on a charge of disposing of mortgaged property.

Local physicians well remember the exploits of Bennett, whose stunts around Cottonwood mystified a large per cent of the population for some of the people asserted publicly that Bennett could perform wonders in the way of healing the sick. In some instances it was cited that he almost if not quite so, made the lame walk, etc.

The county medical society took exceptions to the conduct of Bennett, in so far that they had numerous charges in different courts, made against him, the charge in each instance being that he was practicing medicine without license.

Dr. Bennett took exceptions to these charges, and asserted that he did not use medicines, but in various instances it was shown that the healer plied his trade by the "laying on of hands." Yet Bennett did not claim to do his work under any religious pretext. It was a sort of gift he had, he said.

**Many Persons Treated.**

Dr. Bennett performed most of his work in Houston county at Cottonwood, where people came from far and near for his ministrations, notwithstanding the fact that the medical profession pronounced his methods "fake." Some of Bennett's patients spoke in highest terms of his powers—others were doubtful.

And now some citizen of this county charges that the "doctor" disposed of mortgaged property. The evidence in the case will not of course come out until the trial.

**HUNDREDS OF WOMEN**

nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.

**CASHIER IS ARRESTED**

Indianapolis, Ind., Sept. 1.—John Hornung, 61, former cashier of the Dresden National Bank, at Dresden, Ohio, was arrested here today on a charge of embezzlement. Officers said Hornung admitted that he embezzled \$50,000 from the bank. Hornung had been living here under the name of John Johnson.

## ON THE LOOKOUT FOR BRITISH SUBMARINES

THAT SOLDIERS LOOKING FOR BRITISH SUBMARINES IN SEA OF MAMORA. The picture shows Turkish soldiers on the decks of a boat in the sea of Mamora, on the lookout for British submarines which have slipped through the Dardanelles, and are attacking Turkish shipping within the Sea of Mamora.

## COUNTY HIGH SCHOOL PLANS

Prof. C. W. Johnson, principal of the county high school at Columbia, outlined plans by which girls may attend that school at small cost, in an address before the Teachers Institute, at the High School building today.

It seems the county high school has a club house for girls, where they do their own cooking, housekeeping, etc., and by this method are enabled to attend school at a very small cost. The facilities, however, are not as great now as may be the case in the future.

Teachers discussed Primary Arithmetic, from the first to the fourth grades, Miss Fisher leading the discussion. Reading and orthography, from fifth to seventh grades, was also discussed by others of the teachers.

## PLANS FOR SCHOOL DAY

Plans for the school exhibits and for Children's Day, Friday at the second exhibition of the Southeast Alabama Fair Association in Dothan October 25-30, will be made by the Educational Committee which meets late this afternoon.

The Educational Committee will also discuss the premiums to be awarded for exhibits, and will take up such other questions of importance as may come before that body. Those on the committee are Superintendent J. V. Brown, of the Dothan city schools, Miss Esther Foster, principal of the Grammar School and Prof. R. H. Southerland of Webb.

## Refuse to Sell Goods To Georgia Merchant

Lafayette, Ga., Sept. 1.—The following letter was received here today:

New York, Aug. 30, 1915

LaGrange Dry Goods Co.,  
LaGrange, Ga.

Gentlemen: Your order 28th has been submitted for acceptance to our credit manager, Mr. Max B. Heim. He refuses to accept the order and we hereby advise you accordingly. At the same time we beg to advise you that we will decline to accept any orders from any merchant in your state until we are satisfied that law and order has again been restored.

Yours very truly,  
S. Heim & Sons.

Mr. I. C. Doe, the president of the LaGrange Dry Goods Company, replied as follows:

Messrs. S. Heim & Sons,  
New York.

Gentlemen: We have your letter of August 30 in which you state that you will not ship our order and that you will decline to ship any merchant in Georgia

## The House Passes Compulsory Educational Bill

Montgomery, Sept. 2.—Colonel John's compulsory education bill was yesterday morning passed in the House by a vote of 71 to 21. It will become operative October 1, 1917, the author yesterday amending the measure so as to make it effective on that date instead of one year earlier as originally provided.

Under the provisions of this bill, every child in Alabama is required to attend a public or private school at least eighty days during each scholastic year. Under certain circumstances, the children of poor families will be excluded from the provision of the act.

Representative Davis sought vainly to have stricken out the section which provides a fine and jail sentence for persons who may be found guilty of employing during school hours children between eight and fifteen years of age. The amendment was defeated by a vote of 65 to 27. Colonel John declared the Davis amendment, if adopted, would seriously hamper administration of the law.

Messrs. Beale, Blount, Harvey, Darden, Sarrell and others addressed the House in support of the compulsory education bill. They insisted that some such enactment was necessary for the proper instruction of the State's children.

Representative Rogers of Sumter, spoke in opposition to the bill. He declared it to be no remedy for the evils of ignorance. He deprecated the use of force in such a matter. He refused to admit the omniscience of the educational department, and insisted that bureaucrats at the Capital could not unfailingly frame laws suitable to the requirements of the common people.

## HELD IN JAIL.

Oettis Gibson, a negro, is detained in the county jail on a charge of obtaining supplies under false pretenses, he having been arrested yesterday by Deputy Sheriff Ross Hornsby.

Prof. W. L. Pittman, of Dothan, Ala., is a little in advance of the school opening here. Prof. Pittman is the new principal and is fast making acquaintances and friends, in fact making himself O. K. with the Dothaners by his genial and courteous manners, his genial and courteous manners, carriage and conversation.—Birmingham Tribune.

"until law and order has been restored," from which we infer that you belong to the army of ignorant fan agitators that has been villifying our state since the hanging of Leo Frank. We were under the impression that all of the cranks had been heard from, but the entry had as well close now, for you have clearly earned the distinction of being the chief damn fool that has appeared on the surface.

We remain yours very truly,  
LaGrange Dry Goods Co.  
By I. C. Doe, President.

## FARM MEETING HERE TONIGHT

A. D. Whitehead, district demonstration agent, L. J. Thompson, demonstration agent for this county, and W. F. Murphy, agent for Henry county, will conduct a meeting at the court house tonight for farmers and all those interested in that or allied subjects.

It is hoped that a large number of farmers and towns people will turn out and attend this meeting, as all the speakers are men who are well informed, and who are practical workers in their lines of endeavor.

The meeting will mark the closing of a campaign for better farming and diversification, which has been under way in this and Henry county for several days.

## LIVINGSTONE CLASS AT KELLY SPRINGS

The Livingstone Class of the Presbyterian church went out en masse to Kelly Springs yesterday morning, via auto, and spent the entire day. The boys all had a fine time, diving, ducking, swimming, the day being marred by only one mishap—an old foraging, razorback hog located the lunch basket and walked off with the cake.

The next outing planned for the class is a possum hunt; the boys are waiting for the signal—ripe persimmons.

## CITY SCHOOLS TO OPEN SEPT. SIXTH

The City Schools are about ready for the opening Monday, September 6. The principals are here and each one planning for the opening of his school. Every teacher is expected to be on hand ready for the Saturday morning conference, Sept. 4th, at 10 o'clock, at the Superintendent's office. Several have already reported for work, and are in attendance upon the Institute for the week at the High School.

The city clerk will have on hand in the office forms necessary for issuing tickets to pupils by noon today. As previously announced the fees may be paid monthly in advance. Since there are those, however, who have expressed a desire to pay in advance, as formerly, the entire fee for the full term, arrangements will be made to accommodate them. This plan prevents the necessity of reporting each month to the city hall for tickets for the children.

All pupils will report to the school building nearest their homes. There they will be classified for work as far as possible. In some instances there will be unavoidable exceptions to this rule.

The schools open Monday September 6th, 9 o'clock a. m.

**OFFICES AT DEPOT**

General Manager McTyer and Superintendent Waddell of the Atlanta & Gulf Andrews Bay Railway, have opened offices in the depot building, East Main street, where they will transact business affairs for the company.

## GIRL TAKES OWN LIFE BY USE OF ACID

News has reached Dothan of the death Tuesday of Miss Lula Bell Hentz, 16-year-old daughter of P. W. Hentz, who committed suicide at Panama City, Fla., by swallowing carbolic acid. The motive that prompted her to take the poison is not known.

It is said that Miss Hentz left two notes, one for her father and another for a drug clerk at Panama City.

Miss Hentz is said to have been one of the most attractive young ladies of Panama City, where her father operated a boarding house. The family came originally from Marianna, Fla. The body of the girl was carried there for interment.

## Cardinal Gibbons Is To See the President

Washington, D. C., Sept. 1.—A request made at the white house today on behalf of Cardinal Gibbons for an interview with President Wilson was regarded as significant in official and diplomatic circles in view of recent reports of the pope's hope to bring about peace in Europe through the co-operation with the heads of neutral governments.

The interview was arranged for tomorrow afternoon.

Many officials here believe the success of the negotiations with Germany over submarine warfare places the United States in an advantageous position to bring about an agreement between Germany and Great Britain on the question of maintaining the freedom of the seas, which ultimately may pave the way to a discussion of peace terms.

The white house did not disclose the object of Cardinal Gibbons' request for an interview, but it was indicated that he wanted to discuss the international situation.

## Thaw Asks To Be Divorced From Wife

Pittsburg, Pa., Sept. 1.—Henry K. Thaw, through his attorneys, Stone and Stone, this afternoon filed a petition in common pleas court asking a divorce from his wife, Evelyn Nesbit Thaw, charging misconduct with John Francis, of New York.

The petition is very brief, covering less than one typewritten page. Thaw alleges that his wife was guilty of misconduct with Francis at 31 West 34th street, New York, in December, 1909, and January, 1910, and at various other places and times.

Thaw also declares he deserted him in July 1909. The petition contains nothing to throw light on the identity of Francis.

MODERN LOCHINVAR CLAIMS BRIDE AT NEW YORK PIER

# Society

Mrs. Eric Collierstedt, Editor

Phone 644

**Brief Personal.**  
Miss Willie Mae Whaley will return Saturday after a very enjoyable summer spent at points in Georgia and Florida.

Mrs. John Walker and children of Columbia arrived last night to make their home here. Mrs. Walker will have charge of the Walker house.

On Thursday evening at the home of Miss Katie Ruth Speigner, an entertainment was given in honor of the Autauga county teachers who were attending the institute here. Punch and sandwiches were served to the forty guests present.—Prattville Progress.

Miss Iona Carmichael has returned from a very pleasant summer spent with relatives in Rockingham, N. C.

Miss Marie Spann has returned from Bainburg, S. C., where she has been the guest of relatives for several weeks.

Mrs. Rachael Craddock and Miss Marguerite Craddock, of Atlanta, have returned home after a visit to Mr. and Mrs. John Cray and Mrs. Marvie Harrison.

Mr. and Mrs. J. N. Sherman and children of Blakely, Ga., spent yesterday in the city, the guests of Mr. and Mrs. M. S. Spann.

Miss Rosa Walker will leave in the morning for Montevallo, where she will teach domestic science at the Alabama Girls' Technical Institute.

## Away to College

The first of September will see the beginning of those departures of many young people of Dothan for college, which will continue all through the month and definitely mark the end of summer.

Brenau College at Gainesville, Ga., will claim several Dothan girls, namely: Miss Gladys Whaley, Miss Lucile Grant, and Miss Vera Hatten. Miss Annie Saxton will return to Agnes Scott, on the 15th. Miss Annie Ward and Miss Malde Crawford will study at Montevallo. Miss Nell Owen will leave on the 21st for Woman's College at Tallahassee, Fla.

Miss Eleanor Barnett and Miss Mary Stewart will return to the Woman's College at Montevideo. Miss Jessie Mae Hurley and Miss Johnnie Ross will spend the winter at the Normal College in Florence, Ala. Miss Isabelle Merritt, Miss Estelle Owen, Miss Florence Ellis, Miss Clara Brown, and Miss Lucile Whidden will spend the winter at home. Miss Mary Ma Flowery is in Denver, Colo., and will return with October. Miss Helen Jordan and Miss Annie Frazer will teach again in Birmingham. Miss Lillian Jordan will teach in Tuskegee; Miss Alice Jordan in Columbia; Miss Rosa Jordan in Montevallo; Miss Iona Jordan in Brenau College; Miss Mary Ma Flowery in Oglethorpe, Ga.; Miss Mary Ellen Jordan in Folsom, Ga.

A number of young men will leave for college; several have already decided on to

where they will go.

Mr. Mac Flowers, Mr. B. E. Green and Mr. Sid Wilson will leave soon for the University; Mr. John Ellis will return to Atlanta to study medicine in the Atlanta Medical College; Mr. Felix Leslie will leave tomorrow for Savannah to take a business course at Richardson's Business College.

## Library Notice

For the benefit of the patrons of the Dothan Public Library, the Librarian wishes to announce that the library now opens at 2 o'clock and will close at five o'clock.

Mrs. Lillie Walker, Librarian.

## Circle 3 Meeting

Circle Three of the First Baptist Church Willing Workers Society will meet tomorrow afternoon at 4:00 o'clock with Mrs. R. T. Ghent.

Mr. and Mrs. B. L. Kimbrough, of Kimbrough, Ga., are visiting Mr. and Mrs. J. A. Crymes on South St. Andrews.

Miss Allie McIntyre, of Ashford, who is attending the Teachers Institute here, is the guest of Mr. and Mrs. W. R. Deal, South Oates street.

Miss Idoline Brown leaves today for Ft. Valley, Ga., where she will teach music.

Mr. and Mrs. J. E. Henderson left yesterday for a short visit to Enterprise before going to Troy to make their home. Miss Bess Henderson is staying with Miss Lettelle McLeann and Miss Minnie Cave with Miss Marion Milligan.

W. H. Howell, a well known lawyer of Geneva was in the city today.

C. Fowler, a good farmer from route three was in town today on business.

## Malaria or Chills & Fever

Prescription No. 225 is prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and it takes less than a week to cure. It cures the fever but not the malarial condition of the blood.

Beach Cooley, a well known citizen of route two, came to Dothan on business this morning.

W. F. Harris of route six was in town today.

Lawrence Forrester of Cowarts, was here today.

J. L. Lewis of route 4, was here today.

W. J. Smith, Sr., Dothan route 6, was here today.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the restoration of the hearing. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running or a popping in the ears, and when it is entirely closed deafness is the result, and when the inflammation has been taken out and the tube restored to its normal condition, hearing will be restored forever. It is a simple case of deafness caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness caused by catarrh that cannot be cured by Bell's Catarrh Cure. Sent for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. This Bell's Family Plan for deafness.

## IT'S LIKE THIS!

We felt that we were not giving our patrons all that they deserved, so we looked around for a larger place for you and decided to take this one just across the street.

## AND WE DID.

We are now in better position to serve your every want than we have ever been before, so just come on down and look this new house over, let us know what you think of it, it is for you and your convenience. We are going to give you better service and will be ever on the alert to satisfy your every whim.

## COME ON DOWN

We are in the big building under the Newsom Hotel, on the West side of Foster street. You can't miss it.

## WILLIAMS CAN DY CO.

## Concerning Women and Events

### In the World Drama

A score of sewing machines hummed industriously in an extemporized workroom in one of London's neediest quarters. The women were stitching garments for the soldiers at the front. Incidentally, they also were earning a living for themselves and the soldiers' children at home.

These workrooms are to be found in several London streets. Ruth Bryan Owen, the wife of Captain Reginald Owen of the British army and daughter of William Jennings Bryan, conceived the idea of opening them. American women are financing the undertaking. Financial help from this side of the water will be welcome. Contributions may be sent to Mrs. Owen at 31 Old Burlington street, London, care of the American Women's War Relief fund.

The Department of Agriculture at Washington has been doing much to improve the farms. Now it has discovered perhaps the most important thing to do. Somebody in Washington remembered that of all the experts on rural life, one alone had never been consulted about its problems. So they addressed to the farmer's wife a letter on the question of agricultural production, asking what would promote it most, etc.

Over 2,000 letters were received showing the thought that was uppermost in the mind of the farmer's wife. It was a kitchen pump. Bulletins containing extracts from these letters may be had on request from the department of agriculture.

## FRANK PICTURE STOPPED

Mobile, Ala., Sep. 1.—Motion pictures of the crowds and scenes at the hanging of Leo Frank were stopped here by Police Commissioner Schwartz today.

J. J. Burdshaw, a prominent farmer of route 5, was in the city today on business.

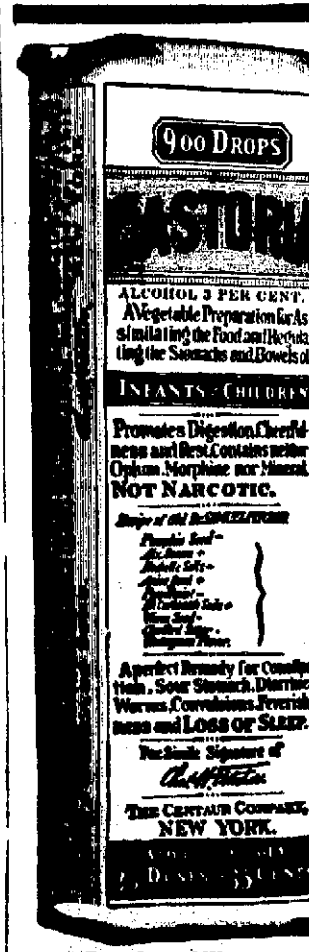

MR. & MRS. CARL PIEHL.

Mr. and Mrs. Carl Piehl.

New York, Sept. 1.—East and West met in New York recently and were married. East was represented by Miss Ruth Anderson, twenty years old, a tall fascinating native of Sweden with light golden hair. The young Lochinvar out of the West was Carl Piehl, of Austin, Minn., also a native of Sweden.

Miss Anderson arrived on Friday on the Scandinavian liner Bergensfjord, alone, to meet her fiance here and marry him. He came to New York two days before to wait for her. They were married in the Swedish Lutheran immigrant home on Water street. When Piehl left Sweden in 1912 he told his sweetheart he would send for her as soon as he made enough money to wed. In three years he has managed to make enough to buy a home in Austin and the happy couple will soon be on their way to the new residence.

**Wanted**—Lady Stenographer. Salary \$25 per month. Apply in writing to Box 359, Dothan. ts

**Wanted**—to buy National Cash Register. Box 403, Dothan. ts

## FALL GARDEN SUGGESTIONS

By Ernest Walker, Horticulturist, Experiment Station.

Prepared by Extension Service, Auburn, Ala.

Till surface of the ground in mid-summer after rains, to conserve moisture and have ground in fine condition for fall garden crops. Apply fertilizer before such tillage, so as to work it thoroughly into the soil, and preferably, three or four weeks in advance. The best plan is liberal spring fertilization, which leaves a surplus in the soil for late crops.

Sow or Plant as Late as August. Beets, Swiss Chard, Winter Cabbage, Carrot, Lettuce, Dandelion, Parsley, Irish Potatoes, Radish (Winter), Kale (Green), Turnips, Vegetable Marrow (English Squash).

Irish potatoes do not start readily in mid-summer, unless they were bedded at time of digging early crop. If that was late plant those which have started to grow. Northern grown cold storage seed are now in growing condition.
